CCIE Collaboration v3.1 Real Labs

Deploy Module

Lab 1 - CCITea

Lab Workbook Policy

1. We highly discourage sharing of the workbook hence the workbooks are mapped to Laptop/Desktop MAC address. If one tries to open the workbook on other desktop or laptop than the registered MAC address; account will get locked and we will not unlock it for any reasons.

2. The workbook does not have print access; kindly do not request to enable to print access. However you will have perpetual access to the workbook which you have purchased.

3. One will be provided with free updates up to 120 days from the date of purchase, post that one need to renew his/her account to access the latest update. However one will continue to have access to their existing workbooks. If you pass the lab within 120 days, you are not eligible for further updates.

4. If one wish to renew their subscription/account, you need to renew within 120 days or before the account gets expired. Post 120 days one can renew their account however the renewal will be considered has a new purchase. Hence we encourage one to renew within 120 days of the purchase.

5. The renewal cost is 999 USD if one pay within 120 days, if one fail to renew then the cost will be equivalent of a new purchase. (The renewal price can be changed at any time, without informing the client)

6. Every workbook is uniquely identified for each user with hidden words. If one shares his/her workbooks with others, and if the system detects the share, the account will be banned and we will not entertain any explanation of any sort.

7. For any queries regarding Questions/Solutions, you can contact us on email: support@chinesedumps.com or skype @ chinesexams@gmail.com. Response time to any of the queries is 24 hours.

8. We do require CISCO ID and Official email id for security purposes. We do not sell without these details. We do background verification of the details provided, so request to give us the correct CISCO ID and official email id.

9. The workbooks are in secured pdc format and delivered via email within 24 hours after payment is received.

10. License is provided for only one Device. And we don't give license again if the device crashes or company security policies. Please install license on the device cautiously as the license will not be provided again.

11. We do support devices running Windows OS, Mac OS, Android and Mac iOS only

12. We do not provide Refund in any circumstances once the product is sold.

13. This policy is in effect from 23 November 2016 and in immediate effect for new clients and new renewals. Old clients will continue with the old Policies until the accounts get expired.

14. If there is any update, one will receive the update automatically on their registered email id.

15. Design Module will be given only 3 days before the CCIE exam

16. For any future update you can check our 'updates' page.

17. Labs are always published in phases. For e.g. if there is a new lab we publish it as First, Second, Third ... till Final release.

18. Client who have purchased our worbooks and services and wishes to attempt the lab, need to consult our experts before their CCIE Lab.
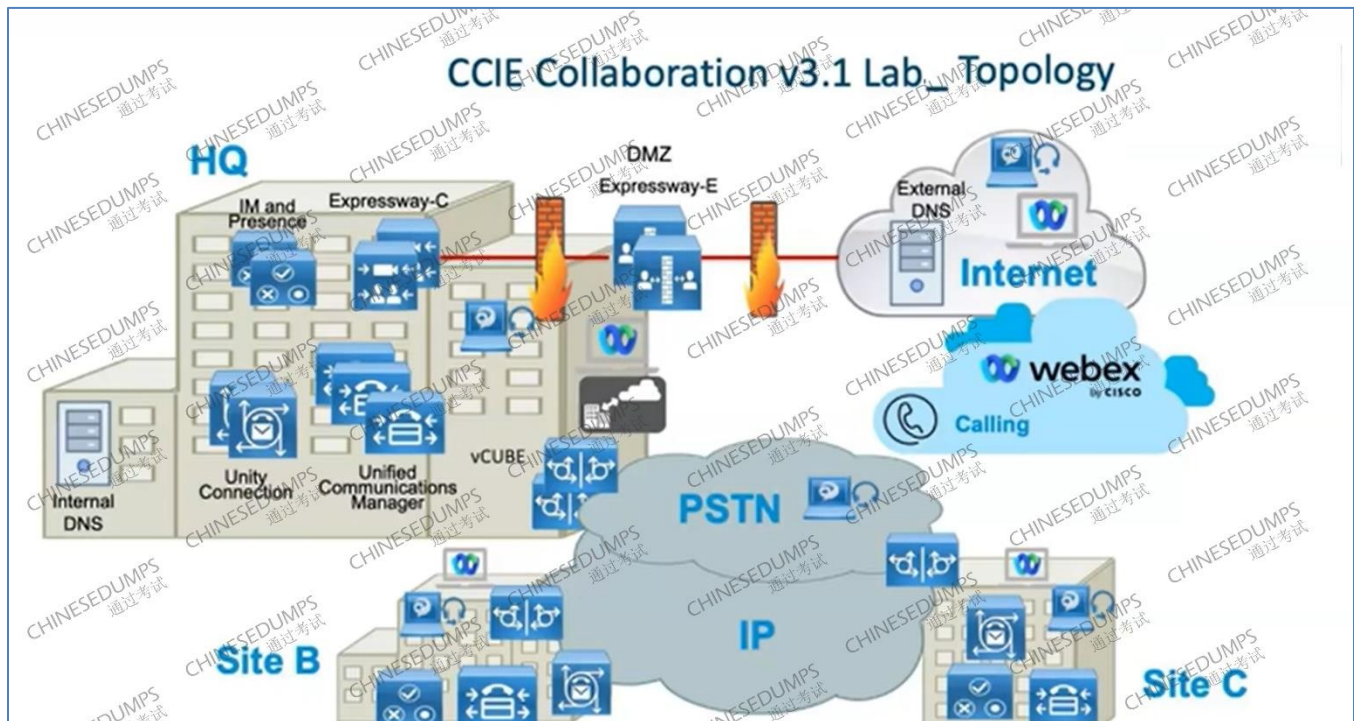

CCIE Deploy Guidelines

Before starting, please read the below guidelines:

1. At the request of CCITea's executive team, you are replicating CCITea's new Collaboration solution to make sure services, features and resiliency all work as designed.
2. Implementation knowledge and troubleshooting techniques are expected.
3. Read the entire exam and confirm working order of all devices first. During the exam, if any device is locked or inaccessible for any reason, you must recover it. When finishing the exam, ensure that all devices are accessible for the grading proctor. Any device that is not accessible for grading cannot be marked and will cost you substantial point.
4.   Points are awarded for working configurations only. Please verify all your work.
5. Do not change configurations on interfaces marked "DO NOT CHANGE", doing so will lead to connectivity loss which you must recover on your ow.
6. All servers and PCs are running on VMware, which has been thoroughly tested to support all lab exam question.
7. All UC appliances login username is "administrator" and password is "cciecollab". Some applications are preconfigured-refer to exam questions for details All PC login username is "administrator" and password is "cciecollab".
8. All applications web administrator pages (CUCM,CUC,UCCX,IM&P) must be accessed from remote desktop (RDP) sessions from HQ PC, SiteB PC,and SiteC PC.
9. Any GUI access to IOS devices and modules must be initiated from the Site PCs, such as HQ PC1, HQ PC2,SiteB PC, and Site C PC.
10. Thoroughly read the "PSTN Numbers and dialing Instructions "to understand how to initiate calls from PSTN into the correspondent site DID numbers.
11. Please note that some devices in the topology diagrams and numbering tables may not be part of the exam requirements, which vary between exams.

Topology

IP Network Topology

4.8: Expressway Traversal Zone for Mobile and Remote Access (MRA)

Deploy Expressway-C and E clusters to secure firewall traversal for Jabber without a VPN. MRA needs to implemented on the Expressway devices and create a UC Traversal Zone (TZ) amongst them. Set the Zone name to be "MRA TZ ". Use the public active directory server having ip address 180.180.180.9 as the CA for all requirements like certificate signing.

Note: Use "tz" as the username and "cciecollab" as the password.

Jabber client on the Public-PC, deploy Service Discovery and Edge detection so that clients can log in as the "hqthree" user from outside of the enterprise network.

2 Points

6.2: The End.

You reached the end of the exam!

Click the "End Exam Section" to finish your exam.
